

COMPATIBILITY EXTRA ITEMS

Compatibility Program

Extra Items are best included with ***initial test*** or ***within the first month after initial test.***

To align with the purpose of the Compatibility Program, we encourage only wholefoods to be tested. Extra items may include wholefoods that are not on the list, or food/recipe made from wholefoods. Avoid sending commercially sold, pre-packaged food.

EXTRA ITEM REQUIREMENTS

For extra items a ***very small sample*** is required; along with a ***new hair sample.***

- approximately ***1/4 tsp of the item*** in a ***small*** zip locked plastic bag.
- For liquid, only ***1 drop*** in the bag.
- Write the ***name of the product*** and the ***client's name*** on the bag.
- The 'cost' fee is \$8.50 per item.
- Maximum of ***5*** samples.

IMPORTANT NOTE:

* Our testing equipment is unable to test large samples. This includes large plastic bags. Any amounts larger than what is specified above, ***will not be able to be tested.***

* If sending more than 1 drop of liquid, it will run the ***risk of leakage and cross contamination over the other samples, and therefore, will not be able to be tested.***
